# Group Fitness Classes at Newton-Wellesley Hospital

**Winter Session: Monday, January 6 – Thursday, March 26**

No classes on Monday, January 20 and Monday, February 17

## Fit & Fabulous

Class includes a warm up, aerobics and strength training routine that promotes total body well being. Focus is on building strength and improving balance and posture. For all ages and abilities.

## Gentle Yoga

This class incorporates gentle (less vigorous) kriyas, mudras and mantra with an emphasis on relaxation, breathing, meditation and gentle exercise. For all ages with the ability to get down to and up from the floor.

## Kundalini Yoga

The goal of Kundalini Yoga is to balance body, mind, and soul, and increase mental clarity and physical vitality. Each class is comprised of kriyas — moving combinations of postures and breaths. Class closes with a meditation which brings awareness and control of thoughts. Mantra (repeated sounds aloud or silently) and mudra (hand gestures), are used to clear negative patterns, reduce stress and awaken awareness. For all with the ability to get down to and up from the floor.

## Pilates

Pilates mat work and gentle stretching to strengthen the core muscles, tone and increase exibility in the back and spine. Will help improve balance, breathing, energy level and posture. All levels welcome. For all with the ability to get down to and up from the floor.

## Strength Training for Women

Non-aerobic routine of strength building exercises (standing & floor) using repetitions, resistance bands and hand weights. Focus is on using correct form for maximum strength gain and to improve posture, balance and reduce the risk of osteoporosis. For all with the ability to get down to and up from the floor.

## Stretch & Strengthen

Non-aerobic routine of stretch and strength building exercises (standing, floor). Focus is on becoming/staying active and increasing muscle strength to improve health, posture, balance and reduce risk of osteoporosis. For all ages and abilities.

## Tai Chi

A regular Tai Chi practice of slow and rhythmic movements is said to encourage an increase in circulation, relieve stress, promote exibility, and increase strength. Over time, you will experience a marked improvement in concentration, range of motion and balance. For all ages and abilities.

*Our exercise and fitness classes are designed to accommodate various levels and abilities and our instructors are always able to suggest ways of adapting any class or workout to meet your individual needs.*

*New students can register for any class at any time during the session and the cost will be prorated.*

**Weekday classes** (including Tai Chi) are held at Temple Reyim, 1860 Washington Street, Newton.

**Saturday classes** are held in the Shipley Fitness Center, on the Newton-Wellesley Hospital campus.
