Magnesium Citrate Bowel Preparation for Children Having Colonoscopy and/or Endoscopy

For ages 10 year to adult Age: ____ years

You are scheduled for a colonoscopy/endoscopy in the **Pediatric GI Unit** located in the **May Johnson Wikstrom Surgical Center at Newton-Wellesley Hospital.**

The date of the procedure is: ____7/29/15____

Please arrive at: ____8:40____ (1 hour before the procedure)

The procedure begins at: ____9:40_

PLEASE NOTE THAT ARRIVAL TIME CAN CHANGE DUE TO CANCELLATIONS OR EMERGENCIES. IF TIME IS CHANGED, YOU WILL BE NOTIFIED THE DAY PRIOR TO PROCEDURE

What you need to do BEFORE you start to prepare for your procedure:

1. Call 1-866-211-6588 to update your registration (if not done within 6 months)
2. Be sure you have an insurance referral, if required by your insurance company. Please contact your insurance to be sure MGH is in Network with your policy & if you require authorization for your procedure.

Buy at your local drugstore:

- One 10 ounce bottle of oral Magnesium Citrate
- One box of Dulcolax tablets
- One Adult Fleet Enema (your pharmacist may need to order this)
- Clear liquid drinks from the list below

One day before the colonoscopy: _____

- Put the Magnesium Citrate in the refrigerator.
- After breakfast, give your child only clear liquids for the rest of the day (no solid food).
- In the afternoon (1-5pm), give your child 2 Dulcolax tablets.
- Next, give your child 10 ounces of Magnesium Citrate.
- You can give this in a cup on ice and may mix it with clear liquids.
- Your child should drink all of this in 10-15 minutes.
- After your child has finished the drink, give them at least 24 ounces of clear liquids over the next several hours.

The day of the colonoscopy: _____

MASSACHUSETTS
GENERAL HOSPITAL

- On the day of the procedure, your child may **ONLY** have clear liquids. Give your child these fluids until: _____.
- After this time, do not give your child anything to eat or drink until after the procedure
- If your child still has consistently loose stool in the morning, give them **an Adult Fleet Enema.**

PLEASE CALL YOUR DOCTOR OFFICE TO MAKE A FOLLOW UP APPOINTMENT 2 WEEKS AFTER PROCEDURE.

Clear Liquids

Your child can have any of the items listed below as part of a clear liquid diet. However, **do not** give your child any liquid that has red food coloring.

Water

Broth

Popcicles (not red)

Apple Juice

White Grape Juice

Ginger Ale

Tea with Lemon (no milk)

Electrolyte replacement drinks such as Pedialyte or Generic Electrolyte Brand (not red)

If your child has trouble with this preparation, or if you have any questions, please call (617) 243-6723.

After 5:00 p.m., call 617-726-8705, and have the Pediatric Gastroenterologist FELLOW paged.
