Parent Education Group:

“How we parent when our child struggles?”

Richard D. Ginsburg, Ph.D.

This is 6 session educational group available to parents of children ages 6-18 who are struggling with psychiatric issues or disorders.

Issues to be addressed in the meeting include some of the following:

- ◆ **Where is my child developmentally?**
- ◆ **What does my child’s struggle mean for him or her?**
- ◆ **What is our plan of care going forward?**
- ◆ **How does this plan work within our family?**
- ◆ **What do we do when our attempts to help don’t work?**
- ◆ **Are our strategies of a preventative vs. reactive nature?**
- ◆ **What are the hot-button issues?**
- ◆ **When do we seek additional help?**

Meeting format will involve a brief presentation and then will open up to discussion. New participants are welcome at any point. Please RSVP as spaces are limited.
